IP proprietary phones*

SIP phones*

BGM/music on hold

* Not compatible with KX-TE Series PBX.

## Main Functions

**Call Forwarding / Do Not Disturb**
Smoothly execute the Call Forwarding function. You can also block calls when you're busy.

**Conference**
Establish a multi-party conversation. Convenient for a small meeting.

**Auto Answer / Mute**
Make it possible to respond to incoming calls or mute the microphone by one touch. Never miss an important call even when tied up with work.

**Auto Dial / Store**
Lets you make a call to the number assigned to the Speed Dial Number in just a few steps. Save time and effort by registering frequently called numbers.

**16 characters x 1 line LCD**
The LCD display with 1 line 16 characters is easy-to-read and shows the information clearly.

**Speaker phone**
Enable to dial or talk without picking up the handset. As you can talk while using both hands, work efficiency will be improved.

**Message**
Even when the dialled extension is busy, or there is no answer, you can leave a message-waiting indication. You can also call back to the party who left the message-waiting indication with this button.

**Message / Ringer Lamp**
A large, easy-to-see lamp indicates visually that there is an incoming call or a message.

**Programmable Keys with Dual Colour LED**
Enjoy one-touch operation of features such as Direct Station Selection (DSS), Log-In/Log-Out, or voice mail transfer.
The buttons are programmable and have a dual-colour LED that shows line status, extension status (BLF).

**Navigator Key**
Helps adjust the volume and the display contrast quickly. Also used to select desired items for each function.

* Available in White & Black Colour
